SCOPE OF MEDICAL PRACTICE

Pain Medicine and Management, I have more than thirty year's intensive experience in the treatment of injuries related to accidents and rehabilitation medicine. Additionally, I perform selective and pain management procedures to include Epidural Steroids, Stellate Ganglion Blocks, Brachial Plexus Blocks, Neurotomys, Cervical and Lumbar Facet Injections, as well as other selective nerve blocks and trigger point injections. Additionally, I have experience in evaluating patients for aggressive/conservative therapy versus surgical procedures. This experience includes both the diagnosis and the treatment of Primary Spinal Injuries.

DISABILITY EVALUATION

I am a Fellow of the American Academy of Disability Evaluating Physicians. The Academy has currently gained recognition in the Texas Department of Insurance Division of Workers' Compensation System for the purpose of performing Impairment Ratings as a designated doctor. Additionally, I have performed Independent Medical Evaluations for most major insurance carriers. I perform Second Opinions and IMEs, both for plaintiffs and defense firms. I have been a medical examiner for FAA.
